Who is CCA? Where did CCA obtain my information? Is this legal?

CCA is the City of Cleveland Central Collection Agency. CCA collects municipal income tax for the City of Cleveland and approximately 50 other cities and villages. Other cities in this area that have utilized CCA's expertise in working with IRS records to do this specialized audit include Athens, Dayton, Trotwood, Lima, and Troy.

With the passage of a federal bill in July 2007, cities with a population of more than 250,000 are allowed direct access to IRS records and can utilize these records for other municipalities that contract with them to do collection work. Since the City of Chillicothe does not meet the population requirement of 250,000, the city entered into an agreement with CCA.

It is completely legal for CCA to have access to this information, and to utilize this information on behalf of the City of Chillicothe.
